Make It Stone produces a beautiful, stone-textured look on almost any surface. It's great for use on lamps, planters, pottery, picture frames, and even furniture.

The simple two step process is quick and easy. Start by applying Make It Stone, then finish with Make It Last clear coat sealer (strongly recommended for metallic finish).

Note — Use this color chart as an approximation of the real color. If exact color matching is necessary, use actual samples of the materials.
